

ASHBURTON NETBALL CLUB

Reg. No: A0031842C

ROTATION POLICY Policy Document: February 2016

Guidelines for Rotation Policy

- For year 3, 4 and 5 teams it would be expected that all players have equal time in all positions.
- The coach will endeavour for each child to play in a minimum of 2 positions each week.
- Subsequent week would be 2 different positions. This ensures by the end of the season each child would have played every position an equal amount of times.
- Any new player to the team should be worked straight into the rotation system.

The club understands it can be a challenge when your opposition teams are playing competitively. We believe it is to the benefit of our players that they get two years experience in various positions before they be limited to the number of positions they play.
